Resource No. 6

Helmet & clothing check

The following checks should be carried out to ensure that helmets are safe to use. If you answer no to any of the questions below, this indicates that a different helmet should be used or adjustments need to be made. Clothing should be worn that is appropriate to the conditions on the day of training. Some training organisations, local authorities and schools will have their own requirements for helmets and clothing.

Rider's name	Date of checks	
Helmet The current British standard for helmets is BSEN1078. If you find any helmets with a Snell Foundation B90 (or higher) sticker in them, that's a substantially stronger standard. Note: there is no law specifically prohibiting the sale of helmets that don't conform to any standard.		
Is the helmet free from any visible damage (inside and out)?		Y/N
Does the helmet circumference fit the rider's head?		Y/N
Does the helmet cover the forehead and is it level?		Y/N
If the helmet has	a cradle, is it adjusted to fit the rider's head?	Y/N
Are the straps tig	ht enough and do they form a triangle around the ears?	Y/N
Does the chin str	ap buckle work properly?	Y/N
Has the chin strap	o been adjusted to fit comfortably and securely?	Y/N
Clothing The type of cloth	ing that is needed will depend on the weather and the time of year. The followin	g points should be considered.
Wind/Waterprod	of jacket	
Does it provide a	dequate protection for the conditions?	Y/N
Does the hood e	nsure there is a clear view when looking around?	Y/N
Are loose cords t	ied to avoid being hooked on saddle or caught on moving parts?	Y/N
Gloves		
Do they provide	adequate warmth and protection for the conditions?	Y/N
Can the rider ope	erate the gears and brakes when wearing them?	Y/N
Trousers		
Do they provide	adequate protection in case of a fall?	Y/N
Are they tight en	ough around the lower leg so that they will not get caught in the chain?	Y/N
If the trousers are	e loose, can they be tucked into long socks or fastened by clips/tape?	Y/N
Shoes		
Do they provide	a firm grip on the pedals?	Y/N
Do they protect t	the foot?	Y/N
